

RUN FOR

FUNDS!

Exciting News for Calvary Elementary and Middle School Cavaliers!

You can have some fun, and earn money for CBA at the same time! Join us for Calvary's first "Run for STEM Funds!" STEM activities - Science, Technology, Engineering, Math - are great ways to have fun in the classroom, and improve critical thinking skills at the same time! All proceeds will go directly to providing iPads, computers, and other STEM materials for CBA classrooms!

Our "Run for Funds" will take place during extended PE classes on Thursday, April 13. It's easy to participate, and be eligible for great prizes! Just ask family and friends to sign up on the attached "Pledge Sheet." Ask them to agree to sponsor you \$1.00 (or \$5.00, or more!) for each lap you run, jog, or walk around Calvary's football field! (One lap = 1/5 mile)

Immediately after the run, Cavaliers will receive a certificate that shows the number of laps ran around the football field! Show your certificate to your sponsors so they will know how much to donate for our "STEM Fund."

All donations are due by Thursday, April 20. Prize winners will be announced Friday, April 21! Prizes are great! But, the **most important thing** about our "Run for STEM Funds" is that our Cavaliers will be working on one of **Calvary's Core Values – *Servant Leadership!*** By participating in this event, students are working to "give back" to their school! They will be able to see the results of their work in classrooms! Materials purchased will be identified with "Run for STEM funds" labels.

Please watch for additional information and grade level schedule! We hope you plan to come and cheer for your favorite Cavalier!
