

REPLENISHMENT FOR JASON

HELP JASON WINDHAM REPLENISH
THE COMMUNITY BLOOD SUPPLY.

WHAT A BATTLE!

It all started when Jason Windham was admitted into the hospital for a routine out-patient gallbladder surgery. Shortly after being discharged Jason was back in the hospital with severe pancreatitis, which was nearly fatal. Jason and his family credit blood donations and the grace of God for his survival. This replenishment blood drive is their way of giving back to the community which helped them in their time of need.

"We appreciate all of the gestures of love from everyone who has given blood. May God use this blood drive to help not only Jason, but many others!" –Mrs. Pam Windham
